Spring

Spring is a hectic time for Chancellor students. As the end of the year approaches, the amount of activities increase. The first activity was the Mock Wedding staged by Mrs. Stello's Family Living classes. Next students had the opportunity to attend an assembly for Black History Month. At the assembly, an African dancer demonstrated traditional folk dances and songs from the African continent. At the SCA's blood drive, many students donated blood. During the spring, many students took field trips. For example, Juniors taking AP English 11 or AP US History took the train to Washington DC to view art. In May, the seniors had their picnic on the football field during fourth and fifth periods. The activities only end when June comes and school ends.

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty, to find the best in others; to leave the world a little better; whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived. This is the meaning of success."

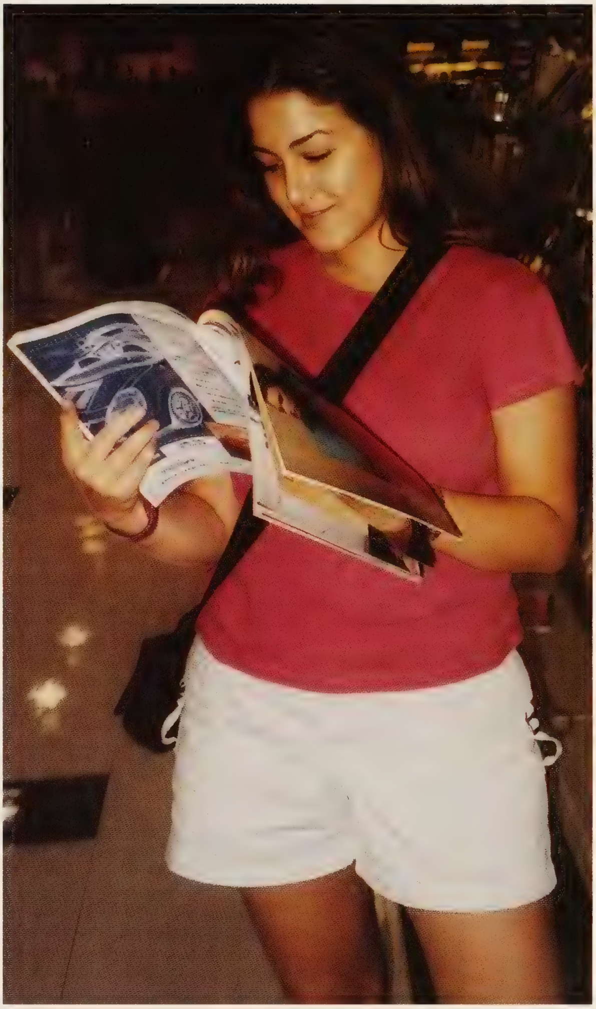
One Short Summer

During summer vacation, Chancellor students stay busy with many activities. They use their time to do things they do not have time to do during the school year such as go to friends' houses, shop at the mall, and sleep. The summer is fun time for students to hang out and prepare for the upcoming school year. Some have summer assignments from teachers and others go to special Governor's Schools and classes that are not offered during the school year. The summer is short so students cram many activities into their schedules. They enjoy their time, and it is always hard to go back to school in September.



Ashley Cole carefully sets up a shot while playing pool. Brandon Haney reads on the beach during his summer trip. Andrew Folse attempts a trick on his skateboard at a board stall. Michelle Passar flips through a magazine and catches up on all the lastest news. Alison Byrd, and Ashley Cinalli spend the last days of their summer break together. Kirby Jones and Jenna Anderson relax and enjoy a soda at a restrauant. Christy Johnson spends her free time shopping at the mall. AJ Lewis and Emily Snellings wait for customers to arrive.

Chancellor students do not spend their entire summer away from the school; many of them come during the summer for practices that prepare them for the upcoming school year. The cheerleaders learn new routines to cheer our teams on to victory. The Dance team learns new dances and prepares for competitions and performances. The Field Hockey team spends many afternoons in the heat practicing. The band takes the summer to learn its new show. Other teams such as the Football team, the Golf team, and the Girls' Basketball team are also hard at work. Chancellor students show their dedication to their teams and school when they spend their summers at practice. These practices are not always easy because of the summer heat. Charger pride and spirit drive these students to practice despite obstacles.

One Week In September

The First Week of school is one of the most confusing and exciting weeks of school. Meeting new people, seeing old friends, and comparing schedules is part of the busy first week of school. While Freshmen search the building for their lockers and classrooms, Seniors look ward to ordering their caps and gowns. Holli Mullen stands in line for lunch during the first week of school. Jackie Devives, Jollene Chuck A-Sang, Christina Berrett, and Jennifer Montoya show their dedication to the JV football team. James Keller, Jeremy Gaston, and Bryan Harvey laugh with the Free-Lance Star mascot. Tiffany Mathews gives her brother, Michael Mathews, guidance on the first week of school. Nathan Stapp stands by a pillar in the lobby. The Chess team sets up their table during lunch. The Senior Territory sign hangs over the Senior section of the cafeteria. Kasi Peck peers into her locker. The Junior class lines up to get their pictures taken for underclassmen pictures. Katy Lernihan and Jimmy Snow discuss their schedules as they walk up the stairs after lunch.

Look Into 2001

People say that eyes are the windows to the soul. They distinguish one person from everyone else. Some have blue, green, or even brown eyes. People express their feelings and diversity through their eyes. Some students pierce their eyebrows, some choose to change the color of their eyes by wearing contacts, and others choose the simpler approach by wearing eye make-up, or glasses. No matter what the circumstances, everyone can agree that differences make every person a unique individual.

FRESHMAN COURT

1990-91
1990-91

Each year a tradition at Chancellor is to have a pep rally on the day of the Homecoming game. It pumps up the students, the faculty, and especially the Football team. On the day of the pep rally students really show their school spirit. They wear their school colors, the Seniors wear their senior hats, and most sports teams wear their uniforms. The band plays, the Dance and Step teams perform, and the cheerleaders pep up the crowd. Each grade level starting with the Seniors are called down into the gym. As the last grade level, the Freshmen, enter the gymnasium they can feel spirit vibrating in the air. Pep rallies are probably the one thing the students enjoy most at Chancellor.

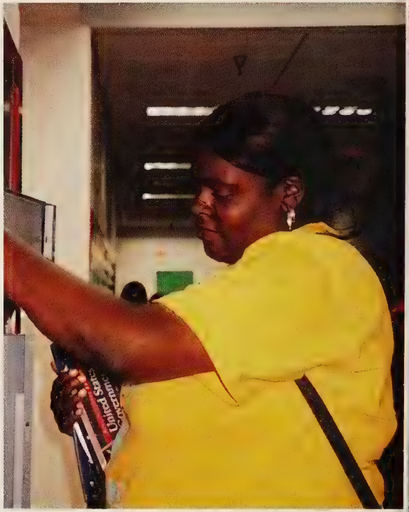
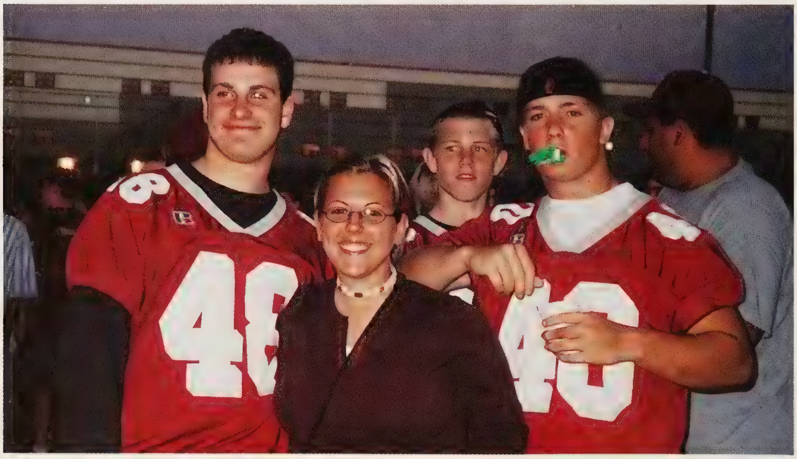
SENIOR COURT
SENIOR COURT

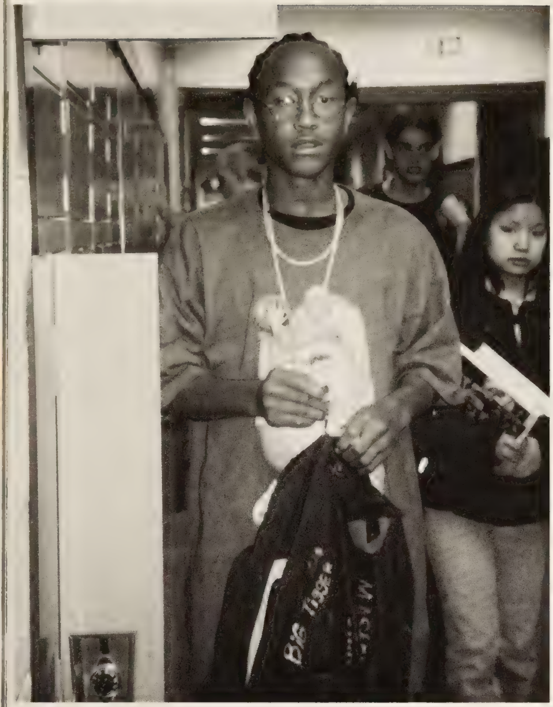
The Homecoming Court lines up at the pep rally. The Step team sets the crowd wild as they perform a new routine. Mr. Pruden and Mrs. Cole are nominated for teacher Homecoming King and Queen. The Dance team and band perform great shows at the pep rally. The cheerleaders pump of the crowd with signs and cheers. Sam Fredo and Daniel Dunkle of theSenior Court make their way across the floor. The Field Hockey team shows school spirit with their tye-dye shirts. Seniors look on with excitement at their last Homecoming Pep Rally. Four starters of the Football team, Mike Hamn, Joey Kemble, Daniel Dunkle, and Craig Brown, line up during team introductions.

It's A One-derful Life





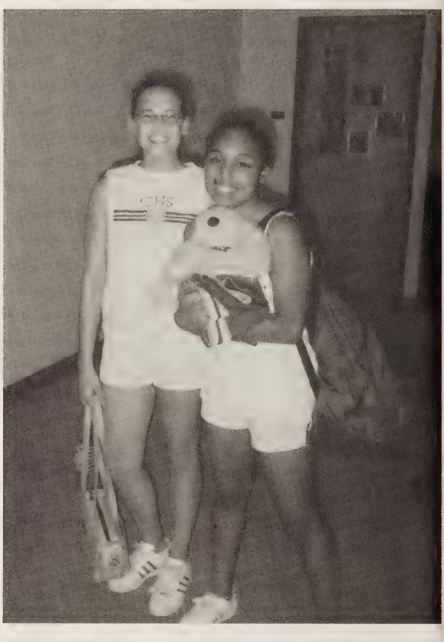
Rosie Bruner and Ben Anderson watch the festivites at the Homecoming Bonfire. Nefatrice Dobard and Derrick Parker show one of the most important things about school, friendship. Anthony Simpson gets books for his next class. Candice Crawford and Sara Allison perform at the football game. The Academic team prepares for their Challenge 23 tournament. Ashley Coates and Nick Matthews eat the feast they prepared for Nutrition and Wellness class. Brian Harry and Bryan Hinkle show their humor during a break at Governor's School. Bonita Jones stops at her locker before class. Nick Gregory, Mary Ann Rose, Brian Perry, and Matt Elder enjoy themselves at the Bonfire. Katie Lapp, Garnet Straley, and Ashley Cinalli show their school spirit by participating in Spirit Day.

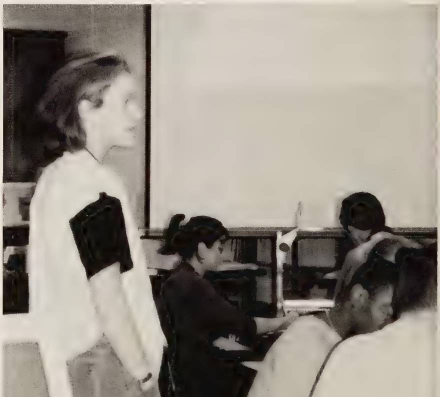


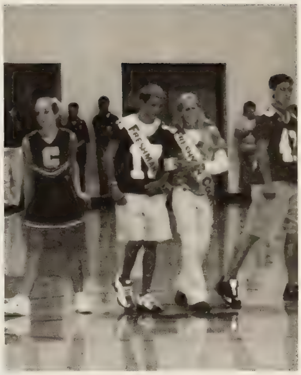
This year Chancellor has 1,425 students, each with his or her own identity and special talents. They are involved in sports, clubs, and many other activities. Some work, some play football, some join clubs like SADD and DECA and others enjoy spending time with their friends. Throughout their life at Chancellor, they laugh together, cry together, and create special bonds with one another. They say high school years are the ones to remember for the rest of one's life, and at Chancellor, students are doing a great job making those memories good ones.

One of Many

Every year at Chancellor High, the Freshman Class is larger than the year before. They are always nervous about the transition from middle to high school. With the help of our old and new faculty their first day of school was a sucesss.







Again this year we welcome new teachers to Chancellor. Casey Mauck, Cherie Velez, and Meaghan Mauck show their school spirit. Kristina Reed, Allie Bragg, and Christina Lacy enjoy Freshman Orientation. Freshman Danni Woodie and Kirby Jones do Taebo at basketball practice. Freshman Homecoming Court members, David Blair escorts Jenny Harrington at their first Pep Rally. At Freshman Orientation, Elizabeth Willett, Amanda Allen, and Catelyn Sullivan escape into the lobby to plan their Freshman year. Erin Golas and Jessica McDanald meet at the Bonfire. The Freshmen show spirit at their first Pep Rally. Tyler Coles and Brent Cinalli pay attention to their homeroom teacher for instructions. Jenny Ibanez, Amanda Conrad, and Katie Monteith joke around at Freshman Orientation. Mrs. Saunders lectures to her World History class. Mrs. McCrary shows Ms. Cwiak her school spirit during the first week. Freshman Homecoming Court, Laurie Heflin and Travis Cotton wave to the crowd at this year's Homecoming Football game. Ashley Patillo goes to her locker at the beginning of school to get her books. Courtney Jordan and Cassie Smith get ready to go home after a tough cheerleading practice.

One More Question

The lunch room quickly fills up as students rush to get in line. Students in the class are eager to start another day. Lauren Przepiora and Ashley Hooe make their way up the main stairwell. Tara Sninsky, Monica Gentry, and Nikki Fortier make plans for their next assignment. Cristin Blazek and Holly Waldron have a great time at the Bonfire. Sarah Messmore finishes up on her last bit of homework before she goes to aide Mr. Webb with his gym class. Jennifer Steele sits patiently as the other students arrive at the Pep Rally. The Earth Science class anxiously awaits their next lesson. Seniors show their school spirit by wearing their unique hats to the Pep Rally.

Elizabeth Baker, 12th

Q: What was your favorite event in the year 2000?

A: "The best event in 2000 was the first day of school. Knowing that you are a senior makes you feel really good. Even though everyone is taller than me, I still consider myself a 'Big Senior'."

Nadir Rodriguez, 11th

Q: How do you like this year compared to last year?

A: "I don't like that we can't eat or drink, because students need food and caffeine to get through the day. Also, the hallways are too congested."

Jamie Ripley, 9th

Q: What do you think of high school life so far? Is it what you expected it to be?

A: "High school is awesome. There are so many people, especially guys. It wasn't what I expected, but it's good."

Ryan McCrary, 12th

Q: What did you think of traffic the first week of school?

A: "I thought it was cool because there were no tardies."

Josh Haynes, 9th

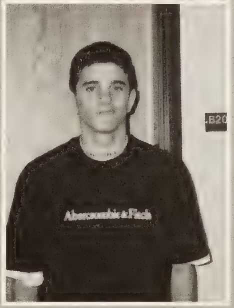
Q: Did you get lost on your first day of school?

A: "No, the school is confusing, but after about two days, I'd practically memorized the whole thing."

Meagan Via, 11th

Q: What was your favorite event in the year 2000?

A: "Probably the last day of school because it meant that it was summer, and also Christmas Break because it meant we didn't have to go to school."



Stephen Fink, 9th

Q: How was your first pep rally experience?

A: "I loved the Pep Rally, the best part was when the upperclassmen were yelling. I can't wait to do that later on."

Chris Lanzarone, 9th

Q: How was your first pep rally experience?

A: "The seniors are old news and they're just jealous because the freshmen are the wave of the future."

One Day at a Time

Candace Bumbrey and Kerri Carneal reminisce about old times as they get their pictures taken in the auditorium for a brand new year. Lorie Heflin helps herself to some goodies while other students converse about high school life. The Seniors are cheering for the activities involved in the Pep Rally. Ashley Ford and Brandie Smith watch the festivities at the Bonfire. Eileen Greene and Leigh Bond participate in Spirit Week on Opposite Day. Clay Synan dresses up during Homecoming Week. Anna Lewis and Neil Bishop hurry up the main stairwell. Laura Folse smiles as she grabs her books before heading to her next class. Sarah Creech, Alicia Erwin, and Kelly Quann laugh together as they look through last year's yearbook. Tamara McCall and Cameron Webb get in line for Senior Court.

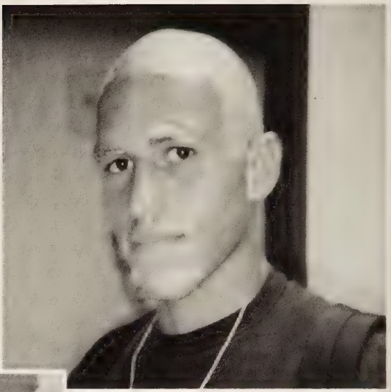
"One in Two Thousand" has various meanings to all of Chancellor High School's students. To most people, this year is considered the actual first year of the Millennium. For most seniors, this will be the year they say their final good-byes as they put on their caps and gowns and move on to greater things. They will remember all the good times they shared with their friends, all the hardships they faced throughout the years, and all the hard work and effort they put forth to do well and prosper in the future. Juniors realize that this is a vital year in their high school careers, and they have one more year left before they will soon be facing a sad departure from Chancellor High School. As for all the underclassmen, this is a fresh beginning, when they will have plenty of time to take in and enjoy high school life.

One Flew Over the Cuckoo's Nest

Many people participated in the all the events associated with Homecoming this year. First, was the Wall Decorating Contest. Best Class wall went to the Junior Class. Most Spirited went to the Dance Team. Best Overall went to NAHS. Best Theme went to DECA. Most Comical went to SADD. Most Creative went to the Chess Club. Next, was Spirit Week. Monday was Crazy Hair Day, Tuesday was Olympic Day, Wednesday was Opposite Day, Thursday was Tourist Day, and Friday was Spirit Day. Finally, the Homecoming Parade: the Most Creative Float Award went to Chorus, Most Spirited went to the Junior Class, Best Theme went to TSA, and Most Original went to the Senior Class.



Brian Harvey tries to look like a Mexican by wearing a sombrero and sunglasses for Tourist Day. Mike Hamm, one of the crazy hair day winners, sprays his hair and parts of his face silver in order to look like Sisqo. Kate Brown, Andrea Wingate, and Katie Dowell cheer behind the chorus float at the Homecoming Parade. Winners of the Senior Hat Decorating Contest: Ashley Cole, Kelly Quann, and Beth Leo gather around Mrs. Ford to see what they have won. Jennifer Neisser decorates her car for the Spirit Day Car Decorating Contest to reflect her personality. Ali Ostman paints the Charger logo for part of the Dance Team's Homecoming Wall. Charlie Barber, one of the winners of Opposite Day, struts through the lobby. Katie Hannifin, dressed as a tourist, leaves the cafeteria after finishing her lunch. Cherie and Sheena Velez show their tough side for Opposite Day. Students show off their Olympic spirit by dressing in sporty or Olympic clothes and wearing "gold" medals. Brian Harry shouts to the crowd below from the rock climbing wall at the Bonfire after reaching the top. Kristin Healey paints the Charger logo on Megan Via's face at the art truck during the Bonfire. Slade Bond takes a different approach to Olympic Day by dressing as the Greeks did in the original Olympics.

One Fine Night

The homecoming dance was a little early this year, but despite the change, students still had a great time preparing for and attending Homecoming. Along with the date, the theme was also a little different. The SGA decided on an [illegible] theme -- "A Walk Through Imperial Gardens." The main lobby was decorated with Chinese lanterns and [illegible]. Ben Cooke and Sam Fredo were crowned Homecoming King and Queen at the homecoming football game. The rest of the senior court consisted of Rose Ahmsworth and Cameron Webb, Tamara McCall and [illegible] Sutton, Lauren Small and Joey Kemble, and Gretchen Westcott and Daniel Dunkle. The junior court consisted of Amanda Swink, Tyler Jeffords, Kerri Rothell and Jeremy Gaston. The sophomore court consisted of Sherieka Tillery, Mike Blackmore, Brittany Haney and James Gillespie. The freshman court consisted of Jenny Harrington, David Blair, Laurie Heflin and Travis Cotton. Members of the sophomore court stand in front of the backdrop waiting to get their picture taken. Students stop to get a drink before going back to the dance. Ben Cooke and Sam Fredo walk down the stairs to lead a slow dance. Mike Hoffman, Brandi Bullock, Lindsey Staples, Jennifer Craig, and John Reed take a break from dancing to sit and talk with one another. Kelly Stevenson laughs as she and Kenny Ward enjoy a slow dance.

One Way or Another

Many students of Chancellor High School travel each day to the Spotsylvania Vocational Center to work with other students from the area. Whether these students want to be a nurses, automechanics, or get other jobs, the Vocational Center gives them hands-on- experience in their specific fields. The skills that students learn everyday will carry them throughout their lives.

Auto mechanics students discuss their next repair job. Dustin Mylius tapes a sign on the wall to advertise the Vocational Center's television and radio station. Matt Bush works on a project during graphics class. Candace Hartman and a fellow Vocational student remove pizza fresh from the oven. Stephen Cussen makes origami for drafting. An electronics student works on a light project. Cosmetology students wash other vocational students' hair during a shampoo-a-thon to raise money for cosmetology.

Do you have significantly more homework for Governor's School than for your CHS classes?

Cameron Webb

"At Governor's School, we have a substantial amount of homeowrk. As long as we manage our time wisely, it isn't difficult to keep up with the work load."

Why did you decide to take Governor's School?

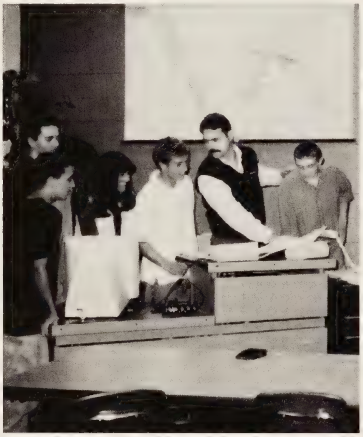
Hunter Quann

"I took Governor's School because of all the opportunities it offers for future success."

How does it feel to be the first class graduating from CGS?

Ashley Cinalli

"Even though it was hard being the first group when things weren't working smoothly, we have been able to help shape CGS. It's cool knowing that we'll always be the first class, the one that every other class is compared to."



Joey Arcidicono, Chris Martin, Cameron Webb, Ashley Cinalli, Bryan Hinkle, and Brian Harry present a physics graph to their teacher. Kristi Maddox studies for an upcoming test.

Is having a culminating project at the end of the year better than taking exams?

Chris Martin

"Yes, it gives us the opportunity to study,in depth, almost any topic of our choice. This year our project takes the place of midterms instead of finals."

Caleb Reed

"Having a culminating project at the end of the year instead of an exam is not really that good. It's nice that you don't have to study, but you can't get exempt from the activity, and it's a lot of work."

Do you like the block scheduling at CGS better than having single period classes?

Katie Hannifin

"I like not having all my classes every single day. In this way, block scheduling is good. My attention span, however, is usually not as long as the class. Block scheduling is neither better nor worse than having single period classes. It's just different."

~Principal~

I am pleased to begin a new era at Chancellor High School, both in the new millenium and as the new principal. My strong belief is that the students of Chancellor High School are its strength. With the support of faculty, staff, parents, and community, I feel our students are well-prepared for challenges in the future.

The Administrative Team and I would like to wish the Class of 2001 best wishes and congratulations as they embark on college and employment careers. As the young men and women of the Class of 2001 work hard to achieve personal goals, the goals of us all, administration, faculty, staff, parents, and community, are fullfilled as well. Through dedication and determination Chancellor High School graduates will continue to set high standards for their generation.

On behalf of the Administrative Team, faculty, and staff of Chancellor High School, I wish great success and continued achievement to the Class of 2001, as well as all classes present and future.

Mr. John R. Marra, Jr.

Mr. John R. Marra, Jr. retired from Spotsylvania County Schools and as Principal of Chancellor High School in 2000. He dedicated much of his educational career to Spotsylvania County and in particular to Chancellor. He taught at Spotsylvania High School as a social studies teacher and later became assistant principal there. After going back to his home state of West Virginia and serving as principal there, Mr. Marra returned to Spotyslvania County and became assistant principal at Chancellor High School, as an "original settler," when Chancellor High School opened in 1988. In 1994 Mr. Marra became Chancellor's second principal, continuing many of the traditions of our school. During his tenure as principal, Mr. Marra graduated 1500 seniors and brought Chancellor High School into a new millennium.

Last year, the Virginia Congress of Parents and Teachers awarded their highest honor to Mr. Marra, a lifetime membership for his noteworthy loyalty and high achievement in promoting the welfare of children and youth. After twelve years at Chancellor, Mr. Marra retired, returning to West Virginia to become principal of Tucker County High School.

Mr. Marra returned in October 2000 to be the keynote speaker at Chancellor's Academic Letter Ceremony at which time Meagan McKechnie, SCA President, presented him with gifts and thanks for his dedication to Chancellor High School. Mr. Marra will always be a Chancellor Charger and the administration, faculty, staff, students, and parents are grateful for his wholehearted commitment to Chancellor High School.

"When we honestly ask ourselves which person in our lives means the most to us, we often find that it is those who, instead of giving advice, solutions, or cures, have often chosen rather to share our pain and touch our wounds with a gentle and tender hand. The friend who can be silent with us in a moment of despair or confusion, who can tolerate not knowing, not curing, not healing and face with us the reality of our powerlessness, that is a friend who cares."

2001

And so we talked all night about the rest of our lives
Where we're gonna be when we turn 25
I keep thinking times will never change
Keep on thinking things will always be the same
But when we leave this year we won't be coming back
No more hanging out cause we're on a different track
And if you got something that you need to say
You better say it right now 'cause you don't have another day
'Cause we're moving on and we can't slow down
These memories are playing like a film without sound
And I keep thinking of that night in June
I didn't know much love
But it came too soon
And there was me and you
And then we got real cool
Stay at home talking on the telephone with me
We'd get so excited, we'd get so scared
Laughing at our selves thinking life's not fair
And this is how it feels

As we go on
We remember
All the times we
Had together
And as our lives change
Come whatever
We will still be
Friends forever

So if we get the big job
And we make the big money
When we look back now
Will our jokes still be funny?
Will we still remember everything we learned in school?
Still be trying to break every single rule
Will little brainy Bobby be the stockbroker man?
Can we ever find a job that won't interfere with a tan?
I keep, I keep thinking that it's not goodbye
Keep on thinking it's a time to fly
And this is how it feels

La, la, la, la;
Yeah, yeah, yeah
La, la, la, la;
We will still be friends forever

Will we think about tomorrow like we think about now?
Can we survive it out there?
Can we make it somehow?
I guess I thought that this would never end
And suddenly it's like we're women and men
Will the past be a shadow that will follow us 'round?
Will these memories fade when I leave this town
I keep, I keep thinking that it's not goodbye
Keep on thinking it's a time to fly.

Dreams can come true
if you take the time to
think about what you want in life...
Get to know yourself
Find out who you are
Choose your goals carefully
Be honest with yourself
But don't think about yourself so much
that you analyze every word and action
Don't become preoccupied with yourself
Find many interests and pursue them
Find out what is important to you
Find out what you are good at
Don't be afraid to make mistakes
Work hard to achieve successes
When things are not going right
don't give up-- just try harder
Find courage inside of you to remain strong
Give yourself freedom to try out new things
Don't be so set in your ways that you can't grow
Always act in an ethical way
Laugh and have a good time
Form relationships with people you respect
Treat others as you want them to treat you
Be honest with people
Accept the truth
Speak truth
Open yourself up to love
Don't be afraid to love
Remain close to your family
Take part in the beauty of nature
Be appreciative of all that you have
Help those less fortunate than you
Try to make other lives happy
Work towards peace in the world
Live life to the fullest

"I've got sunshine on a cloudy day. When it's cold outside I've got the month of May. I guess you'd say what can make me feel this way? My girl, my girl, my girl, talkin' 'bout my girl, my girl.

I've got so much honey the bees envy me. I've got a sweeter song than the birds in the trees. I guess you'd say what can make me feel this way? My girl, my girl, my girl, talkin' 'bout my girl, my girl.

I don't need no money, fortune, or fame. I've got all the riches, baby, one man can claim. I guess you'd say what can make me feel this way?

My girl, my girl, my girl, talkin' 'bout my girl, my girl.

I've got sunshine on a cloudy day with my girl. I've even got the month of May with my girl."

Yesterday a child came out to wonder
Caught a dragonfly inside a jar
Fearful when the sky was full of thunder
And tearful at the falling of a star

Then the child moved ten times round the seasons
Skated over ten clear frozen streams
Words like, when you're older, must appease her
And promises of someday make her dreams

Sixteen springs and sixteen summers gone now
Cartwheels turn to car wheels through the town
And they tell her, take your time it won't be long now
'Til you drag your feet to slow the circles down

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return, we can only look behind
From where we came
And go round and round and round
In the circle game

"Whenever one door closes, I hope one more opens, Promise me that you'll give faith a fighting chance, and whenever you get the choice to sit out or dance... ...I HOPE YOU DANCE!"

Dear Kassia,

As you venture into the future may you take a little something from each of us with you.

From Dad-Take from me an endless supply of "KICK BUTTS" and remember...Yes, Cheerleaders and Dancers are athletes. You didn't get that body from playing football!

From Mom-The only thing I know you want is my car, but take with it all the good memories. Like driving in the winter with the top down & heater on; or driving to the beach with the top down singing to the top of our lungs; and don't forget putting the top down and piling in cheerleaders to go through the Taco Bell Thru at 1:00 in the morning.

From Granny-All you want from me...I know is airtime on the Cell Phone & Internet.

From Kara- I do hope whenever you get the choice to sit it out or dance, you dance, but just don't dance against me! It's not that I'm not proud of you at competitions, I'm just glad when you are not competing in my category.

From Kesley-Take from me my wonderful sense of fashion. Remember always to cinch your belt so tight it gives you a wedgy. If you have butterflies on your dress, flowers don't match, and always have a pair of (✓) shoes.

From Kyla-I give you a little of my wealth of knowledge. I know what 5+2 makes...2 more...2 more than 5. I also know how to spell C.V.S.

We hope you take all we have given you and have the brightest of futures. **WE LOVE YOU** and are so proud of you. May God always bless and take care of you!

Love, Your Family

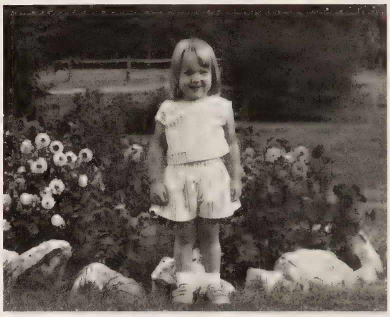
Lindsey M. Staples



Lindsey,

You started high school as such a quiet little girl who wasn't sure of herself. You are ending high school as a short, cute, not as quiet girl who became a champion driver and an artist in training. You made good grades while actually learning something. You showed a style of dress as creative as the car you drove. Your dedication to your team through ups and downs was a source of great pleasure to us. You had a tendency to learn life's lessons the hard way but became a better person because of it. Our pride in you as our child could not be more complete. This is only the beginning of your whole life. We wish you success and happiness, but always remember those frosty, cold mornings when you had to open the hood of your car to start the engine.

Congratulations,
Love,
Mom and Dad

We will always treasure the memories of your first smile, your first steps, watching you learn to read, and sharing your excitement with each new accomplishment. Every step you took to establish your independence has shown us what a capable, determined person you are. Although we can't protect you from the world now, the way we could when you were little, we have a firm belief that your future will be a good one because of the great confidence we have in the person you have become. Dear Mike,
We knew this day would come
On the day that you were born.
But now that it is almost here,
Our hearts are truly torn.
You've become a fine young man,
Now that you have grown.
But still it's hard to let you go,
To survive out on your own.
You've been a great big brother
To Ryan and to Jess
And in spite of all the arguments
They still think you're the best.
In the closing we would like to say
Of all the things you are and of
All the things you've done
The proudest moments of all are when
We both say "That's our son."
Congratulations!

The theme for the 2000-2001 *Challenges* Yearbook is "One in Two Thousand." With the beginning of a new Millennium, the *Challenges* staff choose this theme to represent the many unique characteristics that make up Chancellor High School. This year's staff is made up of 15 students. Ten Seniors graduate this year: Sarah Creech; Alicia Erwin, Layout Editor; Christine Leake; Tamara Meyers, Ads Editor; Mindy Niemann; Laura Newman, Deadline Editor; Melissa Pieski, Photography Editor; Lauren Prezpiora, Kelly Quann, Copy Editor; and Crystal Sampson, Staff Editor. Junior class staff members include: Chad Crider, Carrie Jones, and Rachel Judy. Sophomor class staff members include: Marlena Brown and Brittany Haney. This is Mrs. Cheryl Nelson's second year as Yearbook sponsor.

Our yearbook is published by Jostens in Winston-Salem, NC. Our book is in a trim of 8-1/2x11 and totals 272 pages. The font used is Garmond Book Condensed with foliotab in Palatino and headlines in 30 print Nuptial Script or Pepita MT and in 24 Viva Bold Extra Extended. A 20-page spring supplement is also produced. The Yearbook staff too approximately 4,000 pictures, attended sporting events, class and club meetings, and assisted with class and club/organization pictures.

The *Challenges* staff donates to several charities and helps with the After Prom party by providing pictures and gifts. All staff members worked on this year's book at leas one hour a day in class, with editors spending at least two hours a day. Students worked many extra hours on teacher workdays, before and after school, during study halls and aide and lunch periods to meet deadlines. We hope you enjoy the *2001 Challenges* Yearbook as much as we enjoyed working on it.
